GUERRE & PAIX

Une série intitulée « GUERRE & PAIX » qui présente des images emplies de symboliques qui éveillent l'imaginaire chez chacune et chacun.

Ces photos suggèrent TOUJOURS, mais JAMAIS n'imposent.

La femme est centrale dans ce projet.

La femme sauvera-t-elle le Monde ?

Est-elle héroïne, guerrière, vengeresse, ange, démon, séductrice, mère ou déesse ?

À chacun son interprétation.

Souvent initiée par l'homme, la guerre déchire les cœurs et les entrailles.

TOUJOURS profitable à une poignée d'individus, la plupart n'en sortent JAMAIS indemne.

Un Monde où les origines se perdent. Un Monde où les civilisations se croisent.

Comment ne pas s'y perdre ?

Qui se cache derrière le masque ? Un masque pour faire peur ? Pour se protéger ?

Sommes-nous aveugles ? Se lancer dans la gueule du lion ?

Un genou à terre en signe de soumission ? De recueillement ? De victoire ?

Une épée, un katana, un sabre...pour pourfendre ? Se défendre ? Pour la justice ? L'injustice ?

Ces armes blanches représentent-elles le masculin ? Mâle manipulé ? Ou femme bafouée ?

« GUERRE & PAIX » pour nous rappeler que nous ne sommes pas seuls ?

Que le respect de l'autre sauvera certainement le Monde. Peut-être...

À moins que ce soit celle qui laisse passer la lumière... LA BEAUTE ?

WAR & PEACE

A series entitled WAR & PEACE, presenting images filled with symbolism that awaken the imagination of each and every viewer.

These photos ALWAYS suggest but NEVER impose.

Women are central to this project.

Will women save the world?

Is she a heroine, a warrior, an avenger, an angel, a demon, a seductress, a mother, or a goddess?

Each viewer has their own interpretation.

Often initiated by men, war tears hearts and guts apart.

ALWAYS profitable for a handful, most never come out unscathed.

A world where origins are lost. A world where civilizations intertwine.

How not to get lost?

Who hides behind the mask? A mask to instill fear? To protect oneself?

Are we blind? Are we diving into the lion's den?

A knee to the ground—a sign of submission? Contemplation? Victory?

A sword, a katana, a sabre... to strike down? To defend oneself?

For justice? Or injustice?

Do these weapons symbolize masculinity? A manipulated male?

Or a wronged woman?

WAR & PEACE reminds us that we are not alone.

That respecting others will most likely save the world. Perhaps...

Unless it's the one who lets the light pass through... BEAUTY ?

RIVIERA VIBES

Depuis que j'habite sur la Riviera helvétique, je découvre chaque semaine un nouveau coin de cette splendide région, certainement l'une des plus belles sur Terre. Une énergie spéciale et mystique se dégage de ce lieu. Ici la nature est la maîtresse absolue, le lac, les montagnes, les pierres, les arbres, les nuages, le vent... des paysages toujours en mouvement, jamais figés. Un endroit qui nous rappelle à l'essentiel. Cette terre respire, m'inspire et je l'aime.

Elle m'apaise mais me questionne plus que jamais.

Entre calme et bouillonnement.

Ma série intitulée «RIVIERA VIBES» en découle.

L'existence n'est clairement pas un long fleuve (ni un lac) tranquille...

Ici, c'est Céline sur la jetée, qui, juste vêtue d'un petit sac LV, s'avance vers une nouvelle vie, vers l'inconnu, tout recommencer à zéro, vers l'espoir, ou peut-être même... en finir ? Le bateau est-il déjà passé ? Pas encore ?

Mais certainement, il est venu le temps de se jeter à l'eau.

Certainement, il est venu le temps de reconnaître l'essentiel, de s'écouter, de se délester du superflu (même d'un sac LV), de se reconnecter à la nature, aux éléments... à soi-même.

Sentir le vent frais claqué sur sa peau, la pluie qui perle sur son visage, l'émotion entre ses cuisses.

Se libérer de sa prison.

Arrêter de regarder vers le bas et lever les yeux.

Se sentir vivant plus que jamais.

Il n'est jamais trop tard.

RIVIERA VIBES

Since I've been living on the Swiss Riviera, I discover a new corner of this magnificent region every week, certainly one of the most beautiful on Earth.

A special and mystical energy emanates from this place. Here, nature is the absolute mistress—the lake, the mountains, the stones, the trees, the clouds, the wind... landscapes constantly in motion, never still. A place that reminds us of the essentials. This land breathes, inspires me, and I love it.

It soothes me but makes me question more than ever.

Between calm and turmoil.

My series, entitled RIVIERA VIBES, stems from this.

Life is clearly not a long, peaceful river (or a tranquil lake)...

Here, it's Céline on the pier, dressed in nothing but a small LV bag, stepping towards a new life, towards the unknown, starting everything from scratch, towards hope—or perhaps even... the end?

Has the boat already passed? Not yet?

But certainly, the time has come to take the plunge.

Certainly, the time has come to recognize the essential, to listen to oneself, to shed the superfluous (even an LV bag), to reconnect with nature, with the elements... with oneself.

To feel the fresh wind hitting her skin, the rain dripping on her face, the emotion between her thighs.

To break free from her prison.

To stop looking down and lift her eyes.

To feel more alive than ever.

It is never too late.
